Because this site is dedicated to free books, there's none of the hassle you get with filtering out paid-for content on Amazon or Google Play Books. We also love the fact that all the site's genres are presented on the homepage, so you don't have to waste time trawling through menus. Unlike the bigger stores, Free-Ebooks.net also lets you sort results by publication date, popularity, or rating, helping you avoid the weaker titles that will inevitably find their way onto open publishing platforms (though a book has to be really quite poor to receive less than four stars).

In the European Union, social innovation is a central element of the Europe 2020 10-year strategy for smart, sustainable and inclusive growth. This strategy's goal is both to address shortcomings of the European growth model, painfully exposed by the recent crises (1), and to create the conditions for a different type of growth.
